This booklet summarizes the key features of your benefit plans. It is only intended to provide the highlights of your benefits; see your plan document for full details. If any conflict ever arises between this booklet and the actual plan document, the terms of the plan document will govern in all cases. The Dixie Group reserves the right to change, modify, or terminate the benefit plans at any time. This booklet is not a contract for purposes of employment or payment of benefits.

Welcome to Your Benefits Program

We hope this benefits guide will help you review the benefit plans offered by The Dixie Group and help you make the best choices for you and your family. This guide does not include all plan details, but highlights benefits you will need to consider when making your healthcare elections.

Who is Eligible?

Eligible Dependents

As you become eligible for these benefits, so do your eligible dependents. In general, eligible dependents include your legal spouse, and children up to age 26. Children may include natural children, stepchildren, legally adopted children, foster children, or children for whom you are legal guardian.

Changes In Benefit Elections

During this Open Enrollment period, you can make changes to your medical, dental and/or vision plan elections for the plan year beginning January 1, 2021.

Outside of Open Enrollment, you can make limited changes during the year due to a qualified status change; however, you must notify Human Resources within 30 days of any status change. Examples of a qualified status change include marriage, divorce, birth or adoption of a child, or death of a spouse or dependent.

Associate Contributions

Please see pages 17 and 18 of this guide for information on associate costs.

Important Working Spouse Rule for the BlueCross BlueShield of Alabama Dixie PPO Plans

The Company has a working spouse rule that requires your employed spouse to carry primary individual medical insurance through their employer if medical coverage is available and your spouse qualifies for their employer's group coverage. However, if you desire to cover your spouse on one of Dixie's PPO Plans, you must complete a "Working Spouse Rule Confirmation Form" to certify your spouse's information regarding employment and availability of medical plan benefits. Forms are available in the Human Resources Department.

Important Information

Summaries of Benefits and Coverage

As part of the Affordable Care Act (ACA), Summaries of Benefits and Coverage (SBCs) were created to provide easy-to-understand descriptions of the medical plan coverage available to you. They are designed to help you better understand, compare and evaluate your medical plan choices. The SBCs for your Medical Plans and Notices about your Associate Rights are available on the HR website. If you have any questions about The Dixie Group's benefits coverage, please contact The Dixie Group's HR Department.

2021 Medical Plan Options

The Dixie Group is pleased to offer the following Medical Plans for the 2021 Plan Year:

- BlueCross BlueShield of AL - Health & Savings PPO Plan with Health Savings Account (HSA)
- BlueCross BlueShield of AL - Blue Secure PPO
- BlueCross BlueShield of AL - MVP PPO

How the Health & Savings PPO Plan Works

The Health & Savings PPO plan offers freedom of choice in accessing care. You are not required to select a PCP and you can access different physicians and specialists at your own discretion. The Health & Savings PPO plan (HSP) has an employer-funded spending account available to help you meet the deductible. After meeting the deductible, most benefits are paid on a percentage basis rather than flat dollar copays.

First, use your Savings Account to pay for medical

care and prescriptions. Remember that unused funds roll over from year to year and are yours to keep. After you have used all your funds, or if you choose not to use the savings account to pay for covered services, you will be responsible for the remainder of your deductible. Once your deductible is satisfied, you will pay a percentage of the cost (your coinsurance) until your annual out-of-pocket maximum is reached.

Once your annual out-of-pocket maximum is reached, the plan will pay 100% of the cost of covered services.

How the Preferred Provider Organization (PPO) Plans Work

A PPO is a network of doctors and health care facilities that offer discounted rates to plan members. You can go to any doctor or health care facility, either in or out-of-network, including specialists. If you go out-of-network, your out-of-pocket costs will be higher. Please visit www.alabamablue.com for available doctors, medical groups and hospitals for each plan.

Health & Savings PPO Medical Benefits

HSA Advantages	HSA Rules
<p>A Unique Opportunity to Save Tax-Favored Money. The money you contribute to your HSA is exempt from all federal taxes - and it stays this way as long as you spend it on qualified health care expenses. (State income tax applies in California, and New Jersey.)</p> <p>The Money in Your HSA Always Belongs to You. Any money you haven't spent at the end of the plan year will stay in your account. This includes any money The Dixie Group contributes to your account.</p>	<p>You can contribute money to an HSA if:</p> <ul style="list-style-type: none"> • You are enrolled in a qualified health savings plan • You are not covered by any other medical plan, unless it is also a qualified health savings plan • Medicare Eligibility - Turning 65 often means automatic eligibility and sometimes automatic enrollment in Medicare. Once you are enrolled in any part of Medicare, you will not be eligible to contribute to an HSA in months following your Medicare effective date. • Not Medicare eligible (Part A—hospital insurance) age 65 • You cannot be claimed as a dependent on another person's tax return <p>These are just the general guidelines. Please consult a tax professional for more information.</p>

Important Components of the Health & Savings PPO Plan

Health Savings Account (HSA)

If you enroll in this plan, you have an opportunity to open an HSA, which lets you set aside tax-favored money to pay for qualified health care expenses.

If you open an HSA through HealthEquity, The Dixie Group will make the following basic annual contribution to your account:

- \$250 for Associate coverage
- \$400 for Associate + Spouse and/or Child(ren) coverage
- \$650 for Associate + Family coverage

Please Note: 50% of the Company Basic Contribution will be deposited in January. The remainder (50%) of the Basic contribution will be deposited in July.

In addition to The Dixie Group's contribution, you may also contribute to your HSA through payroll deductions. Pre-tax contributions can be made to your HSA up to the calendar year limits set by the U.S. Treasury and the Internal Revenue Service (IRS). The maximum funding set by the IRS (combined associate and employer contributions) for 2021 is:

- \$3,600 for single coverage*
- \$7,200 for self + 1 or more covered*

The Dixie Group Offers an Additional Matching Contribution!

- Associate only \$250 Maximum - For a total amount of \$750
- Associate + Spouse \$400 Maximum - For a total amount of \$1,200
- Associate + Child(ren) \$400 Maximum - For a total amount of \$1,200
- Associate + Family \$650 Maximum - For a total amount of \$1,950

Please Note: The Company Matching Contributions will be deposited in three (3) installments: April, August, and November. Please contact HR for additional information.

If you use the money in your HSA for something other than qualified health care expenses, you will have to pay income tax on that withdrawal, as well as an additional 20% penalty tax if you are under age 65.

Associates age 55 or older may contribute an additional \$1,000 into their HSA account. In order to be eligible for the catch-up contribution, you must be at least age 55 prior to December 31, 2021. If you are eligible, you may contribute the full additional \$1,000 during the plan year.
